A Gas Tech. must set a positive example for others, be reliable, hardworking, possess a willingness to teach others, and take and give direction well. A Gas Tech. will maintain a current Maine Fuel Board License and pass all required Operator Qualifications for the position. The position will perform labor intensive tasks both indoors and outdoors; including but not limited to-wrenching, shoveling, lifting, pulling, standing, kneeling, for long periods of time.

COMPETENCIES

- Enhanced aptitude for mechanical systems, pressure regulators, and customer appliances
- Meter maintenance, reading, and operation
- Proficient with operating tools & equipment used by the Company

- Actively helps to train other technicians
- Sets an example for high quality workmanship
- Able to interpret and interact proficiently with SCADA
- Be available to respond to overtime work and emergency calls
- Reside within a specific geographic area near the Company operation center
- Clearly and legibly complete written or electronic forms as required and proficient with Microsoft office, GPS mapping programs, and electronic pressure and measurement devices
- First responder for odor calls and gas service emergencies
- Able to recognize and react to Abnormal Operating Conditions
- Perform customer requested work orders in a timely manner
- Complete compliance, operating, and maintenance tasks in a timely manner

WORKING CONDITIONS

PHYSICAL DEMANDS:

Daily activity is fast paced, physically demanding, and with production goals. Duties involve heavy lifting and manual labor. The individual must be available for emergency call-outs and be able to work extended hours; job site reporting is common.

Majority of the workday is spent outdoors; therefore this individual is exposed to (and must have tolerance for) extremes of heat, cold, noise, and dust. Exposure to construction equipment and normal driving hazards is encountered regularly.

SAFETY SENSITIVE JOB:

This is a safety sensitive job and as such is subject to random drug testing as required by the U.S. Department of Transportation (D.O.T.). Employment is contingent upon passing a pre-employment physical examination and completing DOT OQ courses.

Application Process:

Internal candidates should complete the internal posting form and send the form to Annmarie Vincent, Human Resource Manager by the posting expiration date. Please include a resume if applicable.
